

IEEE Computer Society Digital Library (CSDL)

Digital library access gives you the most for your money. CSDL gives you online access to the premier collection of computing periodicals and conference proceedings and superior digital library features and functionality.

THE CONTENT YOU NEED...

- Over 277,000 top quality computing articles and papers
- 26 peer-reviewed periodicals, with complete archives
- 2,700+ conference publications, archived from 1995
- Online publication in advance (often months before!) of print issues

SUPERIOR FEATURES AND FUNCTIONALITY FOR YOUR EASE OF USE...

- Advanced full-text search capabilities for faster research
- 'More like this' helps you find everything you need
- Browse by subject area
- Personalized 'welcome xyz library' notice on search pages
- Content/abstract alerts via RSS feed
- OPAC links for easy cataloging
- Monthly 'what's new' e-mail newsletter of new content and services
- ACM metadata exchange allows searches across both collections
- Abstract references link to IEEE Computer Society, IEEE, and ACM digital library content
- Download citations in multiple formats
- Linked author names provide other articles by that author
- OpenURL and XML Gateway enabled

INCREDIBLE VALUE...

If purchased separately, print subscriptions to the periodicals collection cost \$21,555 USD. You may subscribe to CSDL, which includes archives of the periodicals plus over 2700 conference publications for far less. Email csdl@computer.org for pricing.

SIMPLE AND FAST TO USE...

- Access is as fast as your internet browser
- Access is IP-address controlled—no passwords to remember
- No limit on number of concurrent users at your physical location
- Anniversary or calendar year access
- PDF for easy downloading and printing
- HTML for most periodicals for easy online review
- DOIs for easy, permanent bookmarking
- Clickable Math
